

FEATURED HOMES • MODERN

VILLA WITH A VIEW

6 MONTHS AGO • BY GINA HARTOOG

Written by [Gina Hartoog](#)

By Gina Hartoog, Project Consultant Lara Gordon, Images supplied by ARRC

This home's most striking feature is the wave-inspired roof design that appears to float effortlessly over the residence. The structure blends with the natural environment, and the upper level, the grand pavilion, extends over panoramic views of the ocean.

"It was crucial to integrate the surroundings into the design," explains one of the project's architectural designers. "This was achieved through the wave-inspired roof to capture the nearby mountains, floor-to-ceiling glass doors and an open-plan layout that fosters a seamless indoor-outdoor connection while maximising natural light."

To see more of this beautiful home, buy the [February '25 issue of SA Home Owner](#) – on shelf now.

The *Porsche Panamera 4* delivers an unmatched driving experience, seamlessly blending remarkable performance, cutting-edge technology and an eye-catching design. Its bold stance is complemented by sleek, aerodynamic lines. Powered by a high-performance engine, an 8-speed Porsche Doppelkupplung (PDK) transmission and a meticulously crafted chassis, the Panamera strikes the perfect balance between power and efficiency. It accelerates from 0 to 100km/h in 5.0 seconds (4.8 with the Sport Chrono package) and reaches a top speed of 270km/h. The 2.9-litre twin-turbo V6 engine generates an amazing 260kW (353PS) and 500Nm of torque.
